

KILTS

FEILEADH BEAG

Our kilts come in several weights of cloth. The 11oz cloth is very light weight and more suitable for ladies skirts, gents trousers, waistcoats, childrens kilts and some professional dancers kilts.

For gents kilts, we recommend anything from 13oz to 17oz cloth this being the real "Rolls Royce" of kilts. All of our kilts are 8 yards, traditionally handmade in pure wool. Houstons also have an exclusive service of teflon coating tartans/kilts to make them stain resistant, this service can only be done at time of ordering the kilt on all our own Cloths.

All kilts are individually hand tailored to your own specification in standard quality or super grade finishes.

Kilts may be pleated to the set as normal, or regimental set pleated on the line where a tartan has a predominant stripe. Other garments we can make include tartan trousers, trews, suits, jackets and tartan waistcoats, we also do tweed jackets, tweed suits and Inverness capes. For mail order purposes an easy to follow self-measurement form is included on page 42.

Super Hand Finish Kilt

This kilt is all traditionally hand cut and made. The kilt maker spends a lot more time preparing the cloth, chalking and marking the tartan before cutting out the kilt to the exact template. Like any craftsman the better preparation and time taken, the better the job. 95% of all our 8 yard kilt sales are in super finish. This kilt has 3 buckles and straps, canvas and lining with 2 belt loops and approximately 23 good knife pleats.

At the back of the top of the kilt pleats there is hardly any stitching to be seen. This kilt takes longer to make due to the pleats being stitched from inside. Some parts of the kilt, like buckles and straps are machine stitched for added strength. These kilt makers are much older with 25 years experience in the art of kilt making. This is our Rolls Royce or Savile Row of kilts.

Note - it generally takes an extra 4 to 5 hours to make a super finish kilt and are generally maintenance free. Delivery time is 4 to 8 weeks.

We highly recommend super finish kilts. You only buy a kilt once in a lifetime, they are worth the extra as the whole kilt is far more superior made and will last a lifetime.
